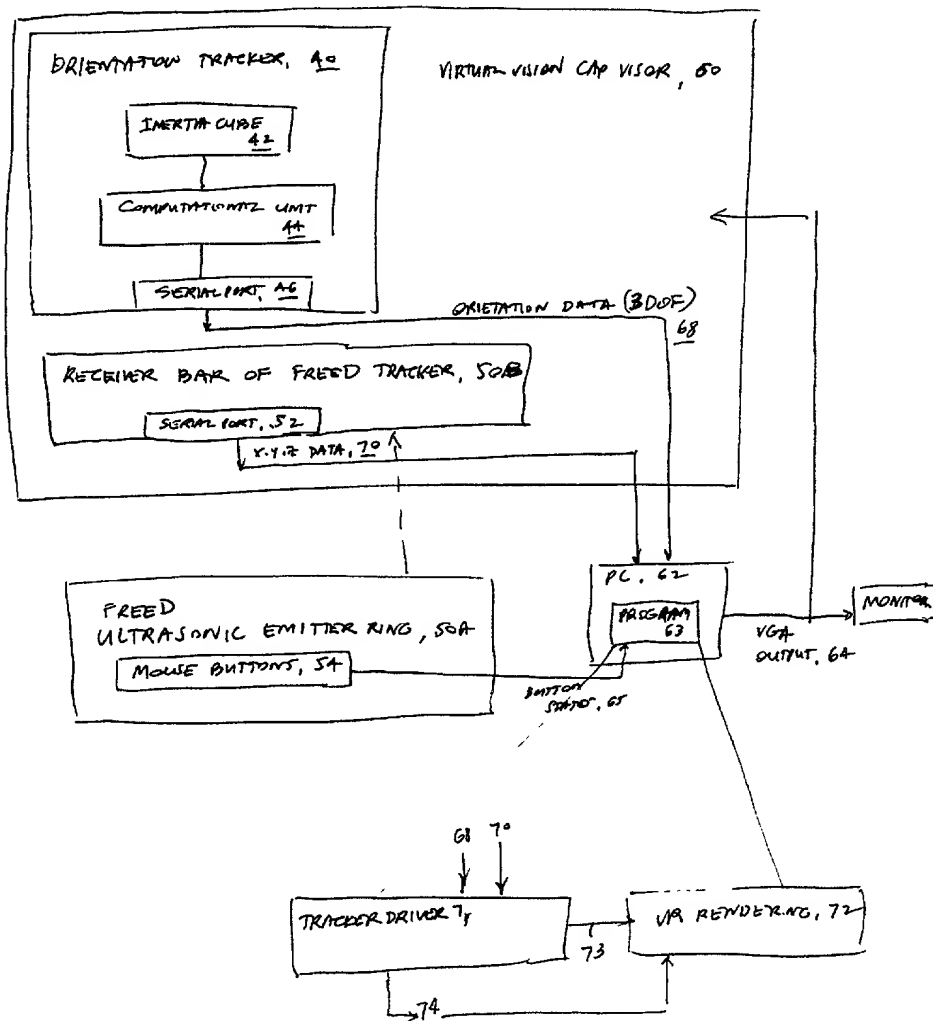

Figure 2

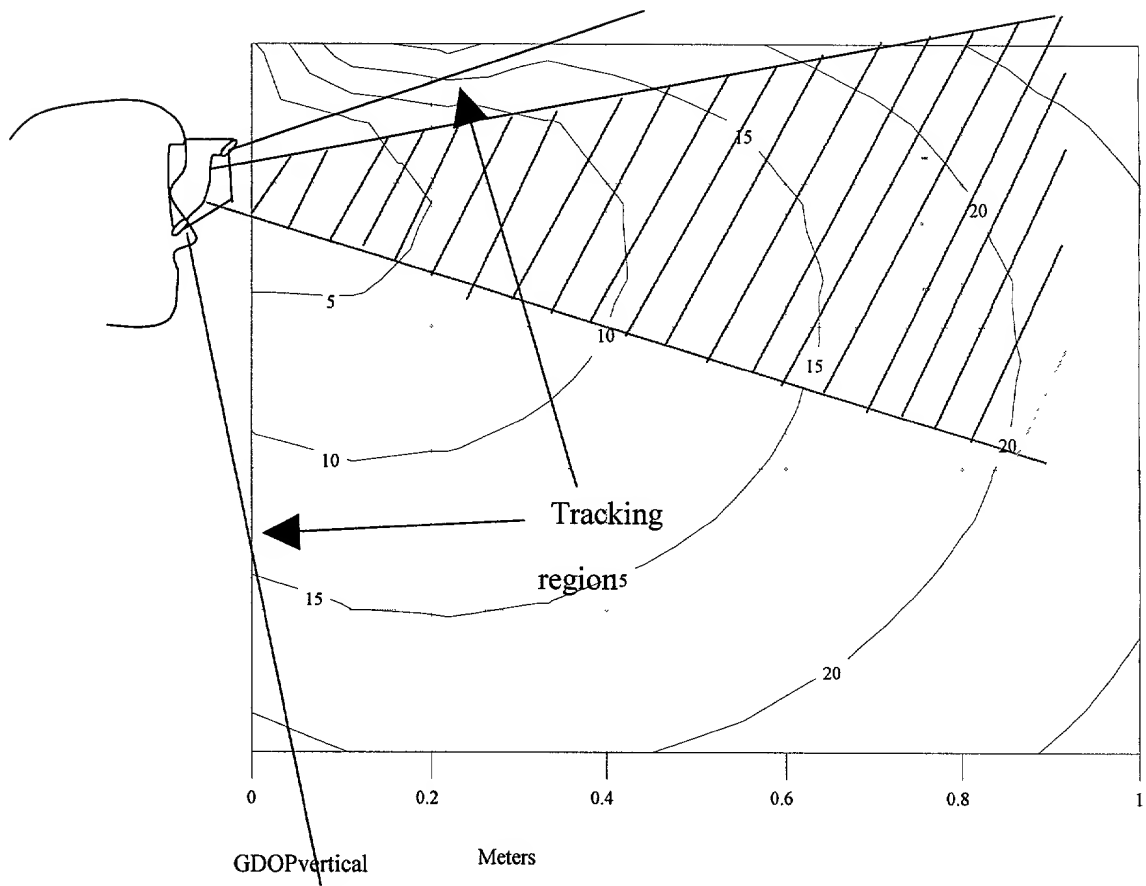

Figure 3

Figure 4

Figure 4 is a photograph of a section of a tree trunk showing the growth rings of the wood. The section is oriented vertically, with the bark on the left and the pith on the right. The growth rings are clearly visible, showing the alternating light and dark bands of wood. A scale bar is visible in the upper right corner, indicating the size of the section. The photograph is labeled "Figure 4" in the upper left corner.
